GREETINGS FROM PIMENTEL

Yes, we are still alive and well in Pimentel, but super busy with ministry work. I got off the plane running and now things are finally starting to slow down a bit. It was such a blessing to be in the redwoods again, and to see people I know and share about the ministry. One of the main goals in going back to the States, besides sharing what God is doing down here, was to find individuals, Sunday School classes, and new churches that would be willing to support Changed By Love for \$20 each month. That is such a small amount, but many small gifts add up to support this ministry.

The day I got back, we found out there had been a break-in and our blenders and some other things had been stolen. The next day they came back for more and we caught one of them. Sadly, it was one of the boys who used to be in our breakfast program. He has had a hard life and started using drugs. The good thing is he is now in a drug rehab place and the ministry is helping his parents pay for the drug program. Please pray for extra funds, since we have committed to \$110 each month. His parents cannot afford it, but they are helping as they can, so we are his main support. His parents are starting to come to church now and are amazed at how we are wanting to help their 15-year-old son. It has only been a few weeks, but he is doing very well in the program. I am bringing bread once a week for the rehab center as part of an outreach for our bakery.

SIDEWALK COFFEE SHOP

We have started a coffee shop in the city of Chiclayo, about 15 miles from us, with some of the funds that we were blessed with from the States. It has an outside garden area for sitting and is called La Casona De La Abuelita — Grandma's House. The bakers are 13, 14, and 15 years old. The coffee shop is helping seven families earn some regular income. It's not a lot, but it is helping. Please pray that God sends many people to buy our coffee and cakes so that as we grow more families can be blessed with the opportunity to earn an income.

BAPTISM AT THE OCEAN

We just celebrated two baptisms recently—a young woman who is a teacher in a Pimentel elementary school, and one of our young men in the church.

HAPPENINGS

We have been blessed with funds to build a small café with an attached game room. This will be an opportunity for more families to be blessed as they work to make goods to sell, or to work in the café. The game room will give the kids and youth a safe place to hang out.

The picture shows some of the things the bakers have been making—and trust me, they are good! So much is happening right now. We are blessed to be a part of what God is doing.

We have been thrilled to have our daughter, Madeline Consuelo, here with us this summer and she brought two friends with her. They were a real blessing to the ministry. They love our kids and did Vacation Bible School with them. They also worked with the ladies of the church and mothers of the breakfast program.

CAN YOU HELP?

We need more partners who can support Changed By Love with a gift of \$20 per month. Even though that is a small amount, your gift will help feed about 80 children each day, and it helps our own family to be able to minister to the needs of the people of Pimentel, both spiritually and physically.

PLEASE PRAY

- Pray for the young man in drug rehab.
- Pray for the success of the coffee shop as it is helping many families.
- Pray for the breakfast program that it will not only provide food, but open more doors for spiritual ministry.
