GREETINGS FROM PIMENTEL

I want to let everyone know that the well has been a blessing. We have not had water or electricity many times recently, and with the generator and the well many of our people have been blessed with water. Some even brought shampoo and soap to bathe here on the grass.

We have signed up kids for the breakfast program for the next year. We have 65 kids signed up, which represents 30 homes where we have direct contact.

We are blessed to have David helping us this year. He is from a city called Tuman that is about an hour away from us. He has graduated from the university and needs to do his thesis, so he will be doing it with us. His major is education so he will be helping us with the kids in the breakfast program.

SUMMERTIME IS ENDING

I know summer is a few months away in the US, but here in Peru summertime is ending. School just started a few weeks ago for the kids.

At the end of this month I will be going to the Amazon jungle for another outreach. My way is being paid by the people there so that is a blessing. If any one wants to go one day let me know. It's fun and a blessing!

Remember to pray for us, for the families we minister to, and for our church here in Pimentel.

Blessings to you, and thank you so much for your prayers and support!
